Improve your paint shop efficiency without having to overhaul your space with REVO Accelerated Curing Systems from Global Finishing Solutions.

The revolutionary technology cures filler and coatings quickly from the inside out, offering the fastest curing time in the industry for both prep and paint processes.

GFS Performer ES Paint Booth

PERFORMER ES PAINT BOOTH

The Performer ES spray booth from Global Finishing Solutions® (GFS) was designed and built with the value-minded shop owner in mind. Quality construction, durable hardware and reliable performance makes the Performer ES paint booth an excellent choice for shops in need of an affordable all-in-one paint environment. The exhaust chamber is integrated into the booth interior, saving valuable shop floor space.
